French Country Console Table, Coffee Brown

CLCN-9147-CBN

\$411.11

Overview

A classic silhouette inspired by French-country style, this console table is expertly handcrafted from solid mango wood, showcasing the material's rich natural grain. Each leg is meticulously hand-turned by skilled artisans, with up to two hours devoted to shaping raw timber into a sculpted design element. Then the table is sandblasted, finished with warm coffee brown stain to achieve a nuanced, weathered finish. The result is a light-filled, high-end aesthetic that effortlessly bridges breezy coastal ease and urban rustic sophistication.
